

**INDIANA DEPARTMENT OF ENVIRONMENTAL MANAGEMENT
OFFICE OF AIR QUALITY**

PETITION FOR INTERIM SIGNIFICANT PERMIT REVISION, SIGNIFICANT SOURCE MODIFICATION,
MINOR PERMIT REVISION, OR MINOR SOURCE MODIFICATION

Source Name:

Source Address:

Mailing Address:

SIC Code:

Description of The Operation or Equipment:

Write the detailed description of the operation or equipment, including the maximum capacity of the process: units/hour or maximum rating of the equipment such as heating input/hour. Also indicate if there is an air pollution control device, and its operating specifications (i.e.: % efficiency).

Potential To Emit:

The (pollutant) potential to emit are ? tons/year. Show the methodology and calculations of the potential to emit before and after control in detail.

PSD Requirements:

Write the conditions, limits, and/or restrictions that will be in effect to ensure that the construction does not qualify as a major PSD source or major PSD modification.

Examples:

- (a) If the potential to emit is less than the PSD significant level, then use the following recommended sentence:

The potential to emit is less than the PSD Significant levels, therefore, PSD rules and requirements do not apply.

- (b) If the company wants to limit the emissions, then such restriction should be stated in this interim petition, such as:

- (i) the amount of raw material consumed on a daily or monthly rolled basis,
- (ii) the amount of fuel combusted on a daily or monthly rolled basis,
- (ii) a specification of the control device being used.

- (c) If the company needs to use the netting process, then the following information should be specified:

- (i) any corresponding shutdown of equipment being replaced,
- (ii) a condition related to any limitation on the new equipment's operation,
- (iii) information on the actual contemporaneous increases and decreases.

NSPS Requirements:

Write the conditions, limits, and/or restrictions that will be in effect to ensure that the construction complies with applicable NSPS rules.

Examples:

- (a) If the operation or equipment is not subject to any NSPS rules, then use the following recommended sentence:

There is no applicable NSPS rule applicable to this operation or equipment.

- (b) If the operation or equipment is subject to NSPS, conditions listing those specific limits and/or requirements should be indicated.

NESHAP Requirements:

Write the conditions, limits, and/or restrictions that will be in effect to ensure that the construction complies with applicable NESHAP rules.

Examples:

- (a) If the operation or equipment is not subject to any NESHAP rules, then use the following recommended sentence:

There is no applicable NESHAP rule applicable to this operation or equipment.

- (b) If the operation or equipment is subject to NESHAP, conditions listing those specific limits and/or requirements should be indicated.

State Rules & Requirements:

Write all the applicable state rules and requirements: such as opacity, PM limits, VOC content.

Federal Enforceability:

The company consents to the federal enforceability of this interim petition.
